UI/UX Designer Internship

Description

DigiMark24 is a forward-thinking digital marketing and web development agency helping brands create impactful digital experiences.

We're looking for creative and detail-oriented UI/UX Designer Interns to join our team. This internship is perfect for those who want to design user-friendly, visually appealing interfaces while understanding the principles of excellent user experience. You'll work on real client projects, from wire frames to interactive prototypes, and learn how to create designs that delight users.

Responsibilities

- Design intuitive and user-friendly web and mobile interfaces.
- Create wireframes, prototypes, and high-fidelity mockups.
- Collaborate with developers to ensure accurate design implementation.
- Conduct user research and analyze usability feedback.
- Develop and maintain a consistent design system.
- Stay updated on UI/UX trends, tools, and best practices.

Qualifications

- Basic knowledge of design tools like Figma, Adobe XD, or Sketch.
- Understanding of UI/UX principles and responsive design.
- Creativity with strong attention to detail.
- Ability to turn ideas into functional and attractive designs.
- Willingness to learn and work in a collaborative environment.

Job Benefits

- Hands-on experience designing real-world digital products.
- Mentorship from experienced UI/UX designers.
- Flexible working hours.
- Certificate of completion and potential full-time offer
