Web Developer Intern

Description

DigiMark24 is a fast-growing digital marketing and web development agency that helps brands build a strong online presence. Our projects range from eCommerce websites to full-scale digital campaigns. We're currently expanding our development team and are looking for passionate web developer interns to join us.

Responsibilities

- Assist in designing, coding, and modifying websites
- Work with HTML, CSS, JavaScript, and WordPress
- Collaborate with the senior development team and contribute to real client projects
- Test and debug web applications
- Participate in code reviews and team meetings

Qualifications

- Basic understanding of HTML, CSS, JavaScript
- Familiarity with WordPress and PHP is a plus
- Eagerness to learn and grow in a fast-paced environment
- Good problem-solving skills and attention to detail
- Ability to commit at least 5-7 hours per day

Job Benefits

- Real-world experience working on live websites and applications
- Exposure to client projects and modern development workflows
- Mentorship from experienced developers
- Certificate of completion and potential full-time offer

Contacts

Click the "Apply Now" button and submit your resume, portfolio (if available), and a brief cover letter telling us why you're interested in this internship.
